Audit Wales Betsi Cadwaladr Tripartite Meetings

I am writing in response to your request for information dated 16 May 2023, which was for:

"all written reports, opinions, and advice provided to Welsh Government Ministers and officials at tripartite meetings, since September 2020, which were held to discuss escalation and intervention arrangements at the Betsi Cadwaladr University Health Board."

We do not hold recorded information that meets the description of your request. It may be helpful to note that the sharing of information at tripartite meetings is done on an oral basis and that the Auditor General for Wales and staff of the Wales Audit Office (together known as Audit Wales) do not have functions of advising the Welsh Government.

Yours sincerely,

Information Officer
