About the Fire and Rescue Authority

Some of the services the Fire and Rescue Authority provides

Key facts

Fire and Rescue Authorities (FRAs) consist of nominated elected members, representing the local authorities across the FRA area as a whole.

Mid and West Wales FRA is made up of 25 councillors who represent their constituent authorities and the following political parties:

- Labour 9
- Coalition Alliance 16

The FRA spent £66.03 million on providing services during 2023-24, which is a 9.3% increase on 2022-23¹.

As at 31 March 2024, the FRA had £2.0 million of general fund reserves and £4.1 million in earmarked reserves.

Key facts

FRA's have a statutory obligation under the Fire and Rescue Services Act 2004 to maintain a Fire and Rescue Service capable of dealing effectively with all calls for assistance in the case of fire and other emergencies.

The Welsh Government has overarching responsibility for determining policy on FRA's. At a local level, FRA's must meet the requirements of the Local Government (Wales) Measure 2009 and the Well-being of Future Generations (Wales) Act 2015, as well as the National Framework for Fire and Rescue Services.

Most of the funding for the three FRA's in Wales is received by way of a levy from the local unitary authorities within their area. The contribution is based on population numbers.

The Auditor General's duties

We completed work during 2023-24 to meet the following duties

- **Audit of Accounts**

Each year the Auditor General audits the Authority's financial statements to make sure that public money is being properly accounted for.

- **Continuous improvement**

The Authority also has to put in place arrangements to make continuous improvements, including related plans and reports, and the Auditor General has to assess whether the Authority has met these requirements.

- **Value for money**

The Auditor General examines whether the Authority has put in place arrangements to get value for money for the resources it uses, and he has to be satisfied that it has done this.

- **Sustainable development principle**

Public bodies need to comply with the sustainable development principle when setting and taking steps to meet their well-being objectives. The Auditor General must assess the extent to which they are doing this.

To meet the Auditor General's duties, we complete specific projects. We take the findings of our audit work into account when assessing whether the Authority has put in place arrangements to secure value for money. Our findings and conclusions are summarised below.

What we found

Audit of Mid and West Wales Fire and Rescue Authority's 2023-24 Accounts

Each year we audit the Authority's financial statements.

For 2023-24:

- the draft statements were presented for audit on 30 May 2024. This was before the deadline of 30 June 2024 set by the Welsh Government.
- the draft statements presented for audit were of high quality.
- the Auditor General gave an unqualified true and fair opinion on the Authority's financial statements on 27 September 2024, before the deadline agreed with the Welsh Government of 30 November 2024.
- the Authority's Annual Governance Statement and Narrative Report were prepared in line with the CIPFA Code and relevant guidance. They were also consistent with the financial statements prepared by the Authority and with our knowledge of the Authority.
- a very small number of changes were made to the Authority's financial statements arising from our audit work, which were reported to the Fire Authority in our Audit of Financial Statements Report in September 2024.
- the Auditor General issued the certificate confirming that the audit of accounts for 2023-24 has been completed.

Continuous improvement

The Auditor General certified that the Authority has met its legal duties for improvement planning and reporting and believes that it is likely to meet the requirements of the Local Government (Wales) Measure 2009 during 2023-24.

National reports and products in 2024

As well as local work at each authority, each year we also carry out studies across the local government sector to make recommendations for improving value for money. Planned work for 2024-25

We also looked at the key challenges and opportunities facing the Authority. These could have an effect on the Authority's ability to meet its legal obligations in relation to the sustainable development principle, continuous improvement and the use of its resources.

Our planned work for 2024-25 includes:

- Setting of well-being objectives
- Targeted high-risk prevention

The Auditor General is independent of government and was appointed by Her Majesty the Queen. The Auditor General undertakes his work using staff and other resources provided by the Wales Audit Office, which is a statutory board established for that purpose and to monitor and advise the Auditor General. The Wales Audit Office is held to account by the Senedd.

The Auditor General audits local government bodies in Wales, including unitary authorities, police, fire and rescue authorities, national parks, and community councils. He also conducts local government value for money studies, assesses compliance with the remaining requirements of the Local Government (Wales) Measure 2009 and may undertake special inspections under the Local Government and Elections (Wales) Act 2021.

Beyond local government, the Auditor General is the external auditor of the Welsh Government and its sponsored and related public bodies, the Senedd Commission, and National Health Service bodies in Wales.

Audit Wales is the non-statutory collective name for the Auditor General for Wales and the Wales Audit Office, which are separate legal entities with their own legal functions, as described above. Audit Wales is not a legal entity.
